Article Two Union Status

A. Recognition. Employer recognizes Union as the exclusive collective bargaining representative of every employee covered by this Agreement.

At the time a new employee subject to this Agreement is employed, the Employer shall deliver to said employee notification that the Employer recognizes and is in contractual relations with the Union.

B. Union Membership. It shall be a condition of employment that every employee who is a member of the Union in good standing as of the ratification date of this Agreement shall remain a member in good standing and those who are not members on the ratification date of this Agreement shall, no later than thirty (30) calendar days following the ratification date of this Agreement, become and remain members in good standing of the Union. Every employee hired after the ratification date shall become a member of the Union in good standing no later than thirty (30) calendar days following their date of hire. On or about the fifteenth (15th) of each month, the Employer shall notify the Union in writing of each new employee, together with their date of hire, social security number, address and job title. On or about the fifteenth (15th) of each month, the Employer will also notify the Union of the name of each terminated employee. Whenever the Union shall charge that any employee who is required by the provision of this section to remain a member of the Union in good standing has failed to do so and shall request the discharge of such employee, the Employer shall be so informed by the Union by certified or registered mail, and the Employer shall have fourteen (14) workdays following the receipt of such notice to take action on the requested discharge. If, during said fourteen (14) workday period, the employee shall pay delinquent dues, the Employer shall not be required to discharge such employee.

“Good standing” for the purpose of this Agreement shall mean the payment or tender of an amount equivalent to periodic dues, uniformly required as a condition of retaining membership in the Union. The Union shall indemnify and hold the Employer harmless against any and all claims, demands, or other forms of liability that may arise out of any action taken by the Employer in fulfilling the terms of this section.

C. Deduction of Union Dues. After thirty (30) calendar days, upon receipt of a written authorization from an employee in the form annexed hereto, as Exhibit A, the Employer shall, pursuant to such authorization, deduct from the wages due employee each month and remit to the Union each month the dues fixed by the Union. The Employer shall be relieved from making such “check-off” deductions upon: (a) termination of employment, (b) transfer to a title other than one covered by the bargaining unit, (c) layoff from work, (d) an agreed leave of absence, or (e) revocation of the check-off authorization in accordance with its terms or with applicable law.

Notwithstanding the foregoing, upon the return of an employee to work from any of the above-mentioned absences, the Employer will immediately resume the obligation of making such deductions, except that deductions for terminated employees shall require a new dues authorization card. The Employer shall not be obligated to make dues deductions of any kind from any employee who, during any dues month involved, shall have failed to receive sufficient salary to equal the dues deduction.

By the fifteenth (15th) of each month, the Employer shall remit to the Union all deductions for dues made from the salary of employees for the preceding month, together with a list of all employees from whom dues have been deducted. It is specifically agreed that the Employer assumes no obligation, financial, or otherwise, arising out of the provisions of this Article, and the Union hereby agrees that it will indemnify and hold the Employer harmless from any claims, actions or proceedings by an employee arising from deductions made by the Employer hereunder. Once the funds are remitted to the Union, their disposition thereafter shall be the sole and exclusive obligation and responsibility of the Union.

D. Union Business: Local Representatives. Union will notify Employer of the Local Employee Representatives at each location who are authorized to deal with Employer concerning matters arising under this Agreement. Union will notify Employer in writing of said representatives’ designation and authority and any changes in either.

The Union’s Local Representatives shall be entitled to preference in vacations for attendance at National and State conventions.

No employee shall engage in Union activities during working time or on the Employer’s premises except in connection with the grievance procedure and as otherwise specifically provided under this Agreement.

Up to two (2) Registered Nurses, who are elected as Union delegates shall have their work schedules adjusted so they can leave at 2:30 p.m., one (1) day each month (September – June), to attend UFT Delegate Assembly, without loss of the day's pay.

E. Union Business: General Representative. A duly authorized general representative of the Union may visit the Employer's premises, by prearrangement with the Director of Home Health Care or that person's designee, at a reasonable time, to discharge Union's duties as the employees' collective bargaining representative so long as the representative does not interfere with or impede the work of the employees and the operation of the Employer.

F. Union Business: Bulletin Boards. Employer will provide Union with a key, and suitably locate, in the home health care offices, locked bulletin boards on which to post Union notices. These bulletin boards will at all times carry a label, device or notice clearly identifying them as Union's space (for use). The signature (or facsimile signature) of a duly authorized Union representative will be affixed to every notice posted in this space. Notices must pertain to official Union business. Copies will be provided to the Director of Human Resources at each site.

G. Consultation. The Employer and the Union recognize that due to their unique education and experience, the employees covered by this Agreement can make significant contributions toward maintaining and improving professional nursing care at the Employer and that, therefore, procedures should be continued whereby the views and recommendations of the employees covered by this Agreement can be heard and considered by the Employer.

A Union-designated committee of two (2) Registered Nurses shall meet with an Employer representative with authority for home health care in the borough, on a regularly scheduled basis every other month for up to one-half (1/2) hour during working time to discuss matters of mutual concern. An agenda for the meeting must be submitted at least five (5) business days prior to the scheduled meeting.

Whenever the parties mutually agree that a program-wide meeting would be appropriate because of the matters which need to be discussed, then such meeting shall be arranged at such time and place as agreed, with representatives of the Union and Employer representatives with authority for home health care.

These meetings shall in no manner be deemed negotiating sessions and no side agreement or other modifications of this Agreement shall result.

H. Meetings. Upon reasonable notice the Employer will provide a conference room for Union representatives to conduct pre-scheduled meetings with employees during employees' lunch periods.

Article Three
Professional Development

A. Non-Nursing Functions. The parties recognize that Registered Nurses are highly educated professionals whose chief responsibility is patient care. The Employer recognizes the desirability of having nurses perform non-nursing duties such as Medicaid applications, screening telephone calls, transporting patients, transporting supplies, arranging for food stamps, duplicating, hole punching, other routine clerical work, hand-delivering doctor's orders, messenger functions, etc. as little as practicable.

The Agency will designate a specific individual, who is not a bargaining unit member, in each location to be responsible for supplies required by Registered Nurses.

B. Orientation. Employer shall provide a planned orientation program and reduced caseload for a minimum of six (6) weeks for each newly hired experienced nurse. A newly hired nurse without prior nursing experience shall have a planned orientation program and reduced caseload for a minimum of eight (8) weeks, based on his/her individual need. The Employer will continually review its orientation program and it will consider employee suggestions for improving the program.

During the orientation period the Employer shall schedule a twenty (20) minute period where a Local Employee Representative and orientees shall have the opportunity to meet and discuss matters of mutual interest on work time.

C. In-service. Employer shall provide an organized program of nursing in-service education on work time.

D. Out-service. The Employer shall provide a reasonable amount of time off without loss of pay and shall pay up to \$150 (\$175. effective January 1, 2007) per employee per year for the cost of registration fees for participation in educational institutes, workshops and/or meetings which will improve the individual's job related professional practice. Request and approval for participation in such activities and payment of registration fees must be made in advance to the Director of Home Health Care Services.

E. Evaluation. Employer shall provide evaluation, discussion, encouragement to comment and recording of a nurse's performance and experience annually. Each nurse shall receive a copy of the annual evaluation and may write on or attach to the evaluation a rebuttal statement. Each nurse shall be given the opportunity to enter written comments on this record. Every effort will be made to communicate to the employee his/her performance strength and weakness in a timely manner prior to presentation of the official evaluation.

F. Tuition Reimbursement. After completion of one (1) year of continuous employment, the Employer shall provide tuition reimbursement for up to fifteen (15) credits or five thousand dollars (\$5,000), whichever is less, per academic year for all active full time employees. In addition, the Employer will reimburse employees eligible under this section for required registration and lab fees but not for books, certification

testing fees or any other expenses related to the taking of courses. Reimbursement provided for herein shall be predicated upon the Employer's determination that the credits for which reimbursement is sought involve courses in nursing or allied fields and upon the satisfactory completion of the course. The employee shall receive reimbursement within ten (10) days of submission of required papers to Human Resources. Part time employees shall receive a pro-rata benefit under this section.

G. New Forms. Whenever a Registered Nurse is absent from a meeting in which a new form is introduced a copy of the form and procedure will be placed in his/her mailbox.

Employees promoted or transferred shall be on probation and may during the probationary period following such promotion or transfer, in the sole discretion of the Employer, be returned to their prior classification, and such action shall not be subject to the grievance and arbitration procedure provided by this Agreement.

D. Seniority. Bargaining unit seniority shall be determined by the length of time an employee has been continuously employed by the Employer in a title covered by this Agreement in home health care.

1. Accrual and Acquisition. An employee's seniority shall commence after the completion of the probationary period and shall be retroactive to the date of the employee's hire in home health care.

3. Application. Bargaining unit seniority will apply to: (a) layoff and recall in the manner herein described and (b) vacation time selection, as set forth in Article 7, provided that vacation time selection will be subject to the Employer's operating requirements.

4. Lists. The Employer will, on ratification of this Agreement and annually thereafter on or about May 1, post and furnish to the Union updated seniority lists with revisions, if any. 2. Lateral Vacancies. When a vacancy occurs in a job assignment a non-probationary employee in the same job title may request the open assignment, and the Employer will give preference to those employees who file a written request to fill the vacancy, taking into consideration the needs of the Employer. Employees must be in their current position for at least twelve (12) months before applying for the vacancy unless the employees had been involuntarily transferred into their current assignment.

3. Promotions. Where a promotional vacancy in a bargaining unit position occurs and two (2) or more employees are under consideration for such vacancy, the Employer shall promote the most competent employee, if any, as determined by the Director of Home Health Care or designee. Where all other factors are equal, the Employer shall promote the most senior employee.

An employee who is promoted shall serve a ninety (90) workday trial period in the new position. If the employee is removed from or chooses to leave the new position during the trial period, the employee shall be permitted to return to the employee's former position at the former compensation rate without loss of other benefits.

D. Scheduling. The vacation period will be the entire year subject to the operating needs of the Employer, as determined by the Employer. Requests for vacation shall be submitted by October 15th for the prime winter vacation time (November 15th to January 15th) and by April 15th for the prime summer vacation time (June 15th to September 15th). Vacation time selection shall be based on seniority of the employee within the Exterior Street or Fifth Avenue facility, as applicable. However, a Registered Nurse whose timely application for prime vacation time cannot be granted shall have priority on a rotation basis for the requested prime vacation time if he/she reapplies in the following year. Seniority shall be considered only within this bargaining unit and shall not be related to

other employees. To be eligible for sick leave benefits, an employee who is absent due to illness or injury must notify a supervisor at least one (1) hour before the start of his/her regularly scheduled workday, and speak with his/her supervisor at the beginning of the workday. The employee may be required to produce evidence of illness from a physician if the illness is more than two (2) days or if a prior written warning has been given to an employee concerning a pattern of abuse of sick leave. Employees who have been on sick leave may be required to be examined by a physician chosen by the Employer before being permitted to return to duty.

B. Leave for Death in the Family. A full time employee, after ninety (90) calendar days' employment, will be granted a paid leave of absence of up to three (3) days in the event of death of the employee's parent, spouse, child, brother, sister, grandparent, or significant other.

The Employer will accommodate a Registered Nurse's request to use accrued personal business days, vacation days or unpaid leave for up to three (3) days in the event of the death of a mother-in-law or father-in-law.

These days must be taken consecutively within a reasonable period of time of the day of death or the day of the funeral and may not be split or postponed. A part time employee will receive a pro-rata benefit under this paragraph.

2. Procedure. An employee who is summoned, not volunteered, to jury duty, will promptly notify Employer. An employee who performs jury duty pursuant to such summons and who is thereafter released from such service or duty will promptly notify Employer of such release. The Director of Human Resources, when he/she deems it advisable, will attempt to have the employee excused from jury duty.

F. Paid Leaves: Limitation. All paid leaves as described above must be taken at the time of the related occurrence, or reasonably thereafter, or shall be waived. An employee will be terminated for obtaining leave by false pretense or for failing to return from a leave.

G. Personal Leave.

1. Basis and Amount. On application as required by paragraph 2 below, a regular full time or regular part time employee who has completed six (6) months or more of continuous employment with Employer will be eligible for leave of absence as follows:

d. Other leaves of absence without pay for other reasons will not be unreasonably denied by Employer.

No employee is entitled to take leaves of absence totaling more than twelve (12) months in any fifteen (15) month period. However, the Employer may grant such leaves on a case by case basis.

An employee on leave pursuant to this paragraph will not accrue benefits under this Agreement, except as specifically provided in the Agreement and except that at the expiration of any such leave, the employee will be entitled to return to work in the first opening, in the same job title, without loss of previously accrued seniority.

Employees on authorized leaves without pay due to illness or disability, including disability arising from pregnancy, are covered by the Benefit Fund for up to six (6) months.

Regular employment during the leave of absence shall disqualify the employee from continued leave and insurance benefits. An employee who wishes to work on a limited basis while on leave shall apply to the Employer before seeking other Registered Nurse employment.

The Employer and the employees will comply with the provisions of the Family and Medical Leave Act; where this Agreement provides greater benefits than that required by the Family and Medical Leave Act, the employee shall receive the better benefits.

2. Within a Job Classification. In the event of a layoff in the bargaining unit, probationary employees within the affected job classification shall be laid off first without regard to their individual periods of employment. Non-probationary employees within the affected job classification shall be next laid off in reverse order of their seniority in the job classification.

Registered Nurses will not be laid off for the purpose of replacing them with non-bargaining unit personnel.

3. Between Job Classifications. In the event a non-probationary employee, or an employee serving a second probationary period due to a promotion, is scheduled to be laid off and there exists a vacant position or a position to which a junior employee is assigned in a different bargaining unit job classification at the same or lower salary level with regard to which such non-probationary employee, or such employee serving a second probationary period, scheduled to be laid off has the ability to perform the work and assume the responsibilities, then bargaining unit seniority shall prevail in assigning such employee to the vacant position or, if there is no vacant position, in bumping and replacing the junior employee in the different bargaining unit job classification. There shall be no effect on the employee's recall rights to the job classification from which he or she was laid off if the employee is assigned to a different job classification as a result of this provision.

B. Recall. 3. Overtime Authorization. The Employer will authorize supervisors to approve overtime. The employee will notify the supervisor at least one-half hour before the end of the shift, or in the event of an emergency, as soon as the emergency is over, that the employee will be detained beyond the end of the shift and the amount of time the employee will need to complete his/her work assignment.
